EDUCATION

B.S., Electronics and Telecommunications 2018–2023

Hanoi University of Science and Technology, Hanoi, Vietnam.

Phd, System Engineering and Engineering Management 2026–Present

The Chinese University of Hong Kong, Hong Kong.

RESEARCH EXPERIENCE

The Chinese University of Hong Kong, Hong Kong 2026–Present

Graduate Researcher

Advisor: Asst. Prof. Viet Anh Nguyen

VinUniversity, Hanoi, Vietnam Jan–Aug 2026

Research Assistant

Supervisor: Asst. Prof. Nguyen Tuan Binh

- Developed a rank-consolidation method for single-adapter continual LoRA.

Pusan National University, Busan, South Korea 2023–2025

Research Assistant

Supervisor: Prof. Won-Joo Hwang

- First-authored an ICLR 2025 paper on federated domain generalization.

Hanoi University of Science and Technology, Hanoi, Vietnam 2020–2023

Research Assistant

Supervisor: Assoc. Prof. Nguyen Tien Hoa

- Developed a personalized federated learning method.

PUBLICATIONS

- **Nguyen, T. B.**, D. M. Nguyen, J. Park, V. Q. Pham, and W.-J. Hwang.
“Federated Domain Generalization with Data-Free On-Server Gradient Matching.”
International Conference on Learning Representations (ICLR), 2025.
